

RESPONSE IMPACT ADVISORY

500 W Closure from 3300 S to 3900 S

Advisory: RIA2022-11

Date(s): 08.04.2022- TBD

Issued Date: 08.04.2022

Times: 2400

Link for more information:

Event Details:

500 W will be undergoing construction beginning August 2022. Construction is predicted to last until June of 2023. 500 W is currently a single lane, northbound only, one-way from 3300 S to 3900 S.

Street Closure Details:

Crews responding into South Salt Lake at any address on 500 W between 3300 S & 3900 S will need to access buildings from 700 West. Crews can respond southbound on 700 W and take the detour to then travel northbound on 500 W.

Response Impact Details:

Crews will need to familiarize themselves with the closures and the detours. Be advised that increased traffic and new travel patterns could slow down responses.
